

Holman's of Nevada Presents:
Revit® Workshop Wednesdays

You are invited to register for 12 hands-on Revit® Workshops that will help you and your firm maximize your Autodesk® software investment!

Statistics show that the best way to learn is through hands-on experience and repetition. That is why Holman's offers you a different approach to training. Unlike our three day courses, our Revit® Workshop Wednesdays are perfect for those who can only dedicate small portions of time to training.

Courses will be held once a week for 12 weeks starting Sept. 3! Workshops will last three hours/day from 1:30 p.m. to 4:30 p.m.

Training Agenda:

1	Sept. 3	Setting up your Office Standards and Templates <ul style="list-style-type: none"> Implementation, Customization, Graphic, Titleblock, Browser, Check List
